Moeskaer Tracy 906

Moeskaer Tracy 906

Moeskær Tracy 906 might be our best breeding cow. She just keep producing the great ones every year. Her calves are always being picked out as the top favorites by visitors to the herd, for their tremendous quality and style. All her calves have either sold to top breeders or been retained in our herd. One daughter was Supreme Danish National Champion at the 2007 World Tour. Her 2010 calf sold England at 4 month of age.

Moeskær Tracy 906 is truly a foundation cow in our herd and the kind we are building our herd around. This cow family has everything we want in our dams: longevity, milk, high weaning weights on low fed intake. The grandmother of Tracy 906 kept producing top calves in our herd at the age of 16.

Moeskær Tracy 906 is a golden opportunity to get your hands on the very best genetics in our herd.

Moeskaer April 1084

Moeskaer Fancy April 1084

Moeskær April 1084 is truly one of the greatest young cows in our herd. She was a show winner and now a tremendous producer. April 1084 was Champion Hereford and Supreme Beef Champion Female at the Gammel Estrup Show and her two full brothers Moeskær Argon and Moeskær Mentor have dominated the Shows in Denmark for several years winning countless champion titles including Danish National Champion Bull.

After her successful show career Moeskær April 1084 now continues to be a successful producer. Her first calf was Supreme Champion at the Hjørring Show and her second calf sold to England.

Moeskær April 1084 is a cow that combines show appeal and great breeding traits like tremendous milk, growth and muscle.

We plan to flush her to make her genetics even more influential in the herd. You can let her influence your herd with confidence.

ANL SBS 36N Pebbles ET 33R

ANL Pebbles 33R

Pebbles 33R is a top cow out of the ANL Herd in Canada which we purchased in the 2010 sale.

She has had an impressive show career having won her calf class at CWA, Reserve Champion as a yearling at Bonanza and was Reserve Champion 2 year old at the Canadian Western Agribition.

The Pebbles cow family has had a large impact on the Hereford breed in North America and we are excited to be able to offer that same impact now to Europe.

Moeskaer Krystal 1062

Moeskaer Krystal 1062

Crystal is a young top-daughter by Remitall Governor who is one the top bulls that combines carcass traits, milk and plenty of volume. She comes from strong bloodlines on both sides. Crystal's full sister has won several livestock shows in Canada.

Crystal has played a major role in our breeding over the year. We have thus flushed her with Moeskær Salute 994.

Crystal is also in demand in other herds. Embryos after her and Moeskær Salute sold to England and other European countries.

Moeskaer Kashmir 1086

Moeskaer Kashmir 1086

Moeskær Kashmir 1086 is one of our most popular and complete females. She is two time Danish National Grand Champion Female at Agromek as a calf and again as a cow.

This powerful female combines femininity with incredible volume, muscle, and correctness. Kashmir is a frame score 7.8 and weighs over 1050 kg. The Kashmir family has a different lineage that is very safe breeding. Pedigree includes both S&S Basic and Haroldson's Raider.

Kashmir's offspring are extremely popular with top breeders in Denmark and abroad. Contact us about availability of embryos or flushing Kashmir.

Moeskaer Aretta 928

Dam: Remitall Aretta 51A

We bought the Aretta family at the Remitall herd in 1998. 928's dam is one of the very best daughters by Keynote.

Aretta 928 milks very well and has already produced many good calves. Remitall had two siblings to her in their herd. A brother, Remitall Engineer 25E was Res. Senior Bull calf Champion at Agribition and has bred many good animals Remitall.

Aretta 928 is one of the most consistent cows in the herd producing one of the top calves in the herd every year. They are heavy well muscled and deep bodied calves no matter what bull she is bred to. She is one of the only Nuff Said daughters in Europe, and has so much to offer any herd.

Moeskaer Kema 1155

Moeskaer Kema 1155

Kema 1155 is one of the best females in our herd. She comes from an extremely consistent cow family in Canada and the Haroldson herd. Her Dam Kema 95K was Grand Champion at the Canadian Western Agribition in 2002. Kema 1155 herself was calf champion at the Danish National Show.

Kema's pedigree is back by two bulls that have had a large impact on the Hereford breed in North America Beyond and Headliner have produced several top animals. We are delighted to be able to offer that same impact now to you for your herd.
