WTK 37A Heston 017D

National Champion and National Champion producer

Heston is legendary and without question one of the best breeding bulls we have ever used. He comes from the famous and now dispersed WTK herd in Canada. The WTK herd was for many decades the most influential herd in Canada because of their superior breeding cattle. Heston is no exception. He does it all. Thickness, growth, milk and easy calving. His offspring are very attrac-

tive and with lots of length of body just as Heston himself. But above all his offspring are exceptional producers. That's why Heston for several years has been the highest indexing bull in Denmark. Hestons pedigree is outcross to virtually all herds in Europe and his genetics would be an asset to all herds. Use Heston with confidence.

Moeskaer Salute 994 ET

The Ultimate Beefbull

Salute is the ultimate beef bull. Extreme hindquarters and muscle mass with high growth and the ability to pass these traits on to his offspring makes him our most popular bull. Salute sires calves with moderate birthweights and very quiet disposition. His daughters have beautiful udders with lots of milk and make excellent mothers. His sons are very powerful with exceptional muscle and growth. Salute is truly a bull you can build a herd around. Salute is out of one of the strongest families in the industry. Both his mother and sisters are showing champions and famous producers. His sire was a cornerstone in the Remital Herd.

Remital Super Duty 42S

High selling bull in Canada and 3 times Agribition Champion

Dam of Super Duty

Super Duty is truly one of the most impressive bulls ever born in the Remital herd. Super Duty has extreme thickness and very high growth. He should be highly maternal and sire calves with moderate birth weights. His first calves are proving his worth by topping shows and sales across Canada. Super Duty is high selling bull in Canada for 270.000 dollars and also 3 times Agribition Res. Grand Champion Bull Rarely do we get the opportunity in Europe to use a bull of this magnitude. Super Duty is a breed changer.

Harvie DAN Hidalgo ET 193U

New young exciting bull from Canada

Hidalgo is a new young dark colored bull from Canada. Hidalgo has piles of muscle. He's an easy fleshing type of bull with great legs and feet. Hidalgo should sire calves that are born easily and with high performance. Hidalgo's pedigree is outcross to most herds in Europe. Hidalgo's mother Firefly 65P is a great producer and showing champion. Hidalgo is full brother to Harvie DAN T-bone and paternal brother to Harvie Traveller 69T. Both are very strong producers. We expect Hidalgo to be the same.

CCR Stamina 199S

Canadian National Champion Bull

Stamina is one Canada's most popular bulls. First dominating the showing himself, now his offspring are topping shows and sales everywhere. Stamina is a powerfull bull with his huge hip and thick hind quarter, performance and bone. The genetic potential in this bull is unlimited. Stamina's sire RU Boulder is sought after becuase of his thick, great breeding offspring but he is now deceased and no semen is available. The mother of Stamina is National Champion herself and mother of many

great cattle. Stamina was highselling bull in 2006 at 3 x 36.000 dollars selling to 15 of the top herds in Canada and USA. Stamina's first offspring are very popular in Canada topping shows and sales everywhere. A son sold for 41.000 dollars for Triara to Justamere Farms. In Norway sons topped both teststation and bullsale. 2 sons were highsellers selling for 8500 euros each. Stamina will improve any herd using his genetics.

Double-U Real Good 333R

Heifer approved

Real Good is a very exciting bull. He combines maternal power with good growth and muscling. Real Good is a very easy calving bull and is great for use on heifers. Real Good's mother is a tremendous young donor cow with lots of milk and breeding power. She was class winner at Agribition with Real Good at side. Real Good offers a unique pedigree completely different to most European herds. In his first calf crop Real Good produced the Reserve Grand Champion Bull at Danish National Show Agromek.x

Wilgor SqD Big Northern 1S

Dark colour and strong pedigree

Big Northern is a very dark coloured bull with lots of thickness and muscle combined with a super pedigree and a great set of EPD's. Big Northern will put that long needed hard muscling back into the Hereford breed without sacrificing easy calving. Big Northern's mother is a great donor cow and herd bull producer. She is also the mother of Wilgor Northeastern, Canadian Allstar Grand Champion Bull both in 2004 and 2005. GHC Star Moose, the sire of Big Northern, is a very popular bull in North America because of his ability to sire offspring with super thickness and eye appeal. He is the sire of numerous Champions and high sellers.

Semen from the sires listed in this catalogue will qualify for most countries. We are able to ship semen to your country at a reasonable price as we use our own sementanks and have agreements with

several shipping companies. In England we have semen stored for fast delivery. For semen price, shipping and other information on any of the bulls please contact us.

Embryos and cattle sale

Moeskaer Polled Herefords is established as a supplier of top quality cattle to many top breeders around Europe. We are able to export our cattle to most countries due to the very high health

status of our herd. We have embryos for sale from our leading donor cows as well as top matings imported from Canada.
